

10735NAT - Course in Disability First Aid

This Nationally Accredited unit of competency has been officially endorsed by the Australian College of Nursing. The course is ideal for care workers in the disability sector, who may be required to assist clients or family members with a disability in an emergency situation.

This course will cover:

- Assist a person in a wheelchair who is having a seizure
- Recognise and assist a person with a disability in a mental health crisis
- Understand and initiate a personal evacuation plan
- Assist a person who is choking in a bed or wheelchair
- Recognise and assist with infection and pressure sores
- Recognise and assist with autonomic dysreflexia
- Apply CPR in a bed

The theory component (an online assessment) must be completed prior to attending the Disability First Aid Practical Workshop. Login Details will be issued to students upon enrolment.

Pre-entry requirements: all participants must have a current nationally accredited first aid certificate in order to participate in the course.

**We reserve the right to cancel this course if the minimum numbers are not met. Maximum of 9 per class.*
